Sooty, RNIB Donation box

Grab your pens, pencils and paint to colour Sooty in. You could also stick on felt, fur and buttons to make it fun to touch. Don't forget about the box too!

When you have coloured Sooty in, get a grown-up to help you to cut out Sooty and then stick him to your toilet roll collecting box.

**And start to pop
in the pennies!**

Make a toilet roll collecting box!

1. Using an old toilet roll cut four slots into one end of the roll, about 2-3 cm in length.
2. Fold down the edges, and cut the corners of each of the flaps.
3. Fold the flaps in on each other overlapping the previous fold. Tucking the edge of the final flap under the first folded flap.
4. Add a bit of sticky tape to the join, and stand the roll up.

You could even paint it?

Turn the box up, so it is open at the top, now it's time to stick on your coloured in Sooty! And put your pennies in.

**Post your pictures at
rnib.in/sooty**

and find out how to send in your pennies.

Why not make Sooty's wand?

Stick three toilet rolls together with sticky tape, colour two rolls in black and the end roll in white paint to make a super-sized Sooty Wand.

Don't forget to let it dry before casting any spells!

Colour in Sooty (below) and send us your pictures – address can be found at rnib.org.uk/sootyquiz
